DPM BULLETIN NO. 306- 21

DATE: AUG 10 1988

SUBJECT: Directory of College Facilities and Services  
for the Disabled

As a part of our affirmative recruitment efforts to employ individuals with handicapping conditions, we have made available the subject directory in the DOT library at all three locations. This directory provides information on programs and services available for the disabled in a majority of post secondary institutions within the U.S. and outlying areas and for all Canadian provinces.

The directory may be used by recruitment personnel to identify schools with significant handicap populations. In addition to information on special services, auxiliary aids, and access, the book offers demographic data on each institution; describes the type of institution and degree or certification offered; gives information on the physical terrain; and identifies a resource person to contact for further information.

If you desire more information on the directory, please contact Nadine A. Rawls on 366-9453.

  
Director of Personnel
